# Inspection Services

Avonix Imaging is a proven leader in providing world-class industrial CT (computed tomography) and X-ray imaging services and equipment for customers throughout North America. Our state-of-the-art lab features the most advanced and versatile imaging systems available to meet the widest variety of scanning needs imaginable. Including small electronics and hardware, very tall objects, high-density components, metrology on internal and external surfaces, and complex additive manufactured parts. We also offer 2-dimensional digital real-time X-ray imaging (DDA/DR). Whether you choose 3D or 2D industrial scanning, at Avonix Imaging you'll receive the best imaging possible, in a timely manner, and at a price that makes our exceptional service an exceptional value.

Please Contact Us  
To Discuss  
Your Imaging Needs.

We will quickly guide you through your questions on imaging services or equipment.
